THIS IS UNEVALUATED INFORMATION

25X1 There was intensive flying at the GROBINA airfield, located east
 of LEPAYA (21°02'E/56°32'N)(Baltic MD). Many parachute jumps
 25X1 were observed. It was rumored that a parachute training center
 was located in GROBINA.

25X1 Comment:

25X1 The assumption that a parachute training center or a parachute
 unit is in the LEPAYA area seems to be justified, since it is
 supported by all previous reports on this field. Its reported
 occupation by transport aircraft of IL-2 type also supports
 such an assumption. The statement of a Soviet first lieutenant
 concerning the arrival of parachute troops from YEREVAN in
 December 1948 also becomes credible. Ø
